

POE "ORDER STATUS"

Definitions

- UNV = UNVERIFIED** *(Order written by a "student".. it must not be acted upon until cosigned.. can be from ANY department)*
- REV = REVIEWED** *(Only MEDICATION orders entered as REVIEWED (by an MD/APRN/RN/PA. Must be VERIFIED by Pharmacy prior to admin.)*
- VER = VERIFIED** *(VERIFIED orders are orders that may be "acted upon" immediately.. are ACTIVE orders)*
- TES = TESTING** *(Orders in TESTING status are "acted upon" orders which are awaiting results: ie. LABs being processed or radiology proc. being performed)*
- COM = COMPLETE** *(Orders which have been done or Completed... Utilizing the "ENTER STATUS" function indicates order is COMPLETE (such as with EKG, Echo, Consults .. NOT used with orders which have results)*
- FIN = FINAL** *(Orders which have been fully processed and have FINAL results, such as LAB tests/results, are in the FINAL status)*
- PRE = PRELIMINARY** *(Usually RADIOLOGY procedures which have been completed, "read" by a resident, posted to LCR but NOT YET SIGNED OFF by a JDH attending)*
- CAN = CANCELLED** *(Orders which have been discontinued by a prescriber BEFORE the actual order begins or an occurrence for the order has been scheduled to occur)*
- DIS = DISCONTINUED** *(Orders which have been discontinued by a prescriber AFTER the order has begun or an occurrence for the order has occurred)*
