

PROTOCOL FOR: Psychiatric Occupational Therapy (OT) Re-Admission Evaluation

- POLICY:**
1. If a patient is readmitted to the inpatient services within 90 days of discharge, a re-admission evaluation may be completed. The Psychiatric Occupational Therapy Re-Admission Evaluation Form will be used.
 2. The patient will be seen for assessment within 72 hours when medically and/or psychiatrically appropriate by the Occupational Therapist.
 3. The therapist will review the previous assessment completed in the past 90 days.
 4. The therapist will document any changes and file both the previous assessment (if available) and present assessment in the chart.

APPROVAL: Nursing Standards Committee

EFFECTIVE DATE: 10/07

REVISION DATES: 11/07, 10/08
